Truckee Leads As Port Of Entrance Into California

More Than 100,000 Cars Are Checked Here To Set Record

Truckee went into undisputed first place as a port of entry into California last month when a new record of 101,835 cars, 4,614 trucks and 970 buses, with a total passenger count of 305,906 people were checked through the department of agriculture's quarantine station.

This was an increase of more than 6,000 vehicles checked during the same month last year and was a gain of about 10,000 over June, the monthly report shows.

For the first time this year Truckee showed a larger count than Yermo in southern California which had only 98,983 cars, 3,285 trucks and 601 buses with a total passenger count of 305,152 people.

The count does not include local cars nor vehicles traveling east.

Meyers, on Highway 50 reported a total of 37,574 cars, 383 trucks and 91 stages and a passenger count of 106,397.

If past records are to be taken as an indication the Truckee station this month will show an even higher count.

SACRAMENTO—(CNS) — Traffic flowing into California by the 18 border checking stations of the Department of Agriculture continued its trend of steady increase during July, the department reported.

During the month, the plant quarantine stations had 1,802,886 persons in 339,916 California registered automobiles and 255,599 out-of-state vehicles pass them. This compared to 1,738,518 passengers in 321,853 California cars and 249,460 out-of-state autos during July of 1958.

Bus traffic also was up for the first time in several months. The total number of stages during July was 4,931, up 30 from a year ago. However, the number of passengers on the stages, 124,981, was 1,589 less than a year ago.

The station at Truckee was the busiest during July, with 305, 906 passengers crossing the border at that point. It was followed closely by the station at Yermo, with 305,-152.

Current Tax Rate Will Apply In Co.

Present indications are that when the Nevada County Board of Supervisors meet next Wednesday they will adopt a $1.90 basic tax rate, the same as for the current year.

This rate, of course, is exclusive of schools and special district taxes, such as the Truckee sanitary, fire, cemetery, hospital and schools.

County Auditor John T. Trauner has advised the board that budget requirements of $3,112,-126.10 are $47,119.89 over the previous year. However, because of an increase in subventions and grants of $38,000 and the $1,000,-000 that was added to the assessment roll by County Assessor Charles Kitts this year, plus an increase in public utility rolls, it is believed that the line can be held.

The new budget will include a blanket five per cent increase in all personnel salaries except department heads, Supervisor H. G. Loehr explained.

AUBURN—The Placer County Board of Supervisors Tuesday received a preliminary budget from auditor William B. Stephens which would require a $2.10 tax rate for 1959-60, an increase of about 15 cents over the previous year's tax rate.

Stephens said he was able to estimate the tax, now that the total taxable assessed valuation of the county, $106,097,860, has been calculated. This includes the secured, unsecured rolls and utilities.

A public hearing will be held August 18, and adoption can be voted then or at a later public meeting.

The county's assessed valuation is about $5,000,000 higher than the previous year.

SWISS STEAK DINNER TO BENEFIT CHURCH

KINGS BEACH—The Community Methodist Church of Kings Beach will sponsor a Swiss steak dinner Sunday, August 23 from 4 to 8 p. m.

The dinner is being given as a benefit for the church building fund and is put on by the women of the WSCS with Mrs. Asa Abbott in charge. A charge of $1.50 will be made for adults and $1 for children under 14. Everyone is invited.

IN CAR ACCIDENT

Friends of Mrs. Allan Calhoun of Deer Park Lodge on Highway 89 are sorry to learn that she was in a car accident at Palo Alto. According to her husband, Mrs. Calhoun was taken to the hospital in the bay city.

Donner Safer As Patrol Of Boats On Water Is Started

By VIRGINIA O'BEAR

Last weekend, under the order of Sheriff Wayne Brown of Nevada City, Donner Lake was patrolled by Deputies Leo Zander and Bob Schooley. The officers did a wonderful job and the people on the beaches and the people fishing said it was one of the most pleasant weekends at Donner. You could actually stand on the shore fishing without getting your clothes wet from the boats coming in too close as on previous weekends.

Not only did the officers prevent the boats from coming too close to shore, I'm sure they prevented other accidents that might have occurred otherwise. I saw them tell one driver of a boat to get an observer in the boat as it is a law that when you pull a skiier there has to be someone over 12 years of age in the boat besides the driver. Within a few minutes we saw an extra person in that boat and they were observing the rules and skiing safely.

Boat owners were affected immediately by the new legislation approved by California's Governor Brown. Some of the provisions of this new law have to do with equipment, such as fire extinguishers, lights on some classes of boats, life preservers, etc." No person shall operate any motorboat or manipulate water skis in a reckless or negligent manner so as to endanger the life, limb, or property of any person . . . or to operate said equipment while under the influence of intoxicating liquor."

Assistance must be given in the event of a collision. If collision results in death or injury to person or property damaged in excess of $10, report must be filed. Observer, at least 12 years of age in addition to operator of boat, is required. Water skiing is prohibited from sunset to sunrise. Effective April of 1960, boats will be licensed for a fee of $5.

The above mentioned are federal laws that must be upheld in any body of water. There are county laws on boating that were passed recently from Nevada City and as soon as possible, will be made public. If we all try to do our part, Donner Lake will be a safer place for all.

Ground Secured For Fire House

Richard Walker, who has been acting in behalf of the Donner Lake Volunteer Fire Department, has announced that after three months of negotiations, a lease for property for the proposed new fire station has been secured from the Donner Lake Public Utility Company.

The lease, which runs for a period of 30 years at $1 per year is on a 50x60 foot lot immediately east of the Donner Trading Post.

Walker said the department will start immediately clearing the land and will have the fire station ready for the equipment by late fall or early winter. Dr. Robert Affeldt is president of the fire board and executed the lease.

GIRL SCOUTS PLAN WEDNESDAY OUTING

A Girl Scouts and Brownies outing will be held Wednesday, August 19, according to Mrs. W. D. Randall chairman of the Girl Scouts day camp program.

All members of the two organizations may attend and are to meet at the Truckee elementary school at 10 a. m., their destination the State Park at Donner Lake.

Each girl is to take her lunch, dessert to be furnished. Swimming will start the day, followed by lunch and an interesting conservation craft is planned for the afternoon to conclude about 3:30 p. m.

FOOD SALE WILL BE HELD HERE FRIDAY

A sale of home cooked foods will be held on Friday, August 14 at 10 a. m. in Duane Freeman's DoNut shop at Truckee, sponsored by members of the W. S. C. S.

Plans for the sale were made at a meeting held Aug. 5 in the home of Mrs. C. Z. Smith.

Mrs. C. Z. Smith was reported to have injured her hip while water skiing last weekend.

Seven Fires Are Started In Area With Lightning

Small Blazes Are Quickly Controlled By Many Volunteers

Saturday's thunderstorm, which left only .05 of an inch of rain at the Truckee ranger station, started seven lightning fires in the district, Dispatcher Henry Toccalini reported.

None of the fires were serious, although crews were continuing to mop up one on Mt. Pluto, the scene of four of the blazes, Monday. Most of the fires were confined to a single tree or small ground area.

The other three were reported at Hirschdale, the Brockway Summit and Painted Rock.

A patrol plane was dispatched from Nevada City to pin-point the blazes and suppression crews from Truckee and Tahoe, aided materially by Les Cavanaugh and his Fibreboard crew and 36 men from the state prison crew at Iron Mine near Auburn, had the situation in hand. The crews had easy access to the fires over Fibreboard roads in the Mt. Pluto area after they were guided to the spots by the plane.

Toccalini said that the forests and brush are so dry that north of the local district a large sagebrush fire was started by lightning.

Problems Studied At School Meeting

At a meeting of the governing board of the Tahoe Truckee Unified School District last week, it was voted two to one to enter into a contract with the California Olympic Commission to permit the latter to utilize the school buildings during February.

Under the agreement, the commission will pay all expenses incurred, plus a $750 contingency fund. The commission, meeting in San Francisco Tuesday approved the contract.

Herbert Obexer of Homewood opposed the agreement, holding that the district should profit more from the arrangement. Reg Smart and Mrs. Hilda Hintz, the Truckee members on the board, supported the contract and Jack Felte, chairman, Kings Beach was not required to vote on the matter. The fifth member, Byron Miller of Floriston was absent.

In other action the board awarded a $50,564 contract to H. J. Harlow & Sons for the relocation and construction of existing buildings at the Kings Beach school although the board felt the bid was quite high.

The budget for the coming fiscal year was reviewed and passed with minor changes.

James G. Licklider was employed to replace Roland Schwinn as eighth grade teacher.

John Corbin, district superintendent, reported that the damage done by vandals at the Truckee Elementary School recently would be $300 or $400.

The matter of transporting students from the Hirschdale area after completion of the freeway, which bypasses that community, was discussed but no action taken pending further study. A decision will be reached prior to the opening of school August 31.

SPORTS FILMS WILL BE SHOWN AT MEET

Two interesting films will be shown at the regular meeting of the Truckee Outdoor Sportsmen at Capitol Hall Friday evening, President Charles V. Osburn announced.

The films were obtained by Jack Stowe, supervisor of the Donner Memorial State Park. One is entitled Realm of the Wild and the second Frying Pan and the Fire. Both of these films are of particular interest to sportsmen and everyone is invited to enjoy them.

Other business will be conducted.

Marriage License—

John O. Marin, 31, of Truckee and Bernice Reid, 35, of Reno, Nev. recently were issued a marriage license in Nevada.

From Idaho—

Mr. and Mrs. Frank Barrett of Boise, Idaho visited the Walter Barrett family this week en route home from a coastal trip.

SUNBEAMS

By WALTER M. BARRETT

With the current issue of the Sierra Sun and Truckee Republican, the present owners have completed 23 years consistently devoting that span to the best interests of the Truckee, Lake Tahoe and Donner region. Many changes have taken place and we are proud of the part this newspaper played in the development of the community. We have seen our schools, for instance, go from a staff of four in the high school, where a graduating class of four was not unusual, to our present million and a half dollar institution serving upwards of 500 students with a staff of more than a score of highly qualified instructors. We have watched the development of our modern hospital. From a beginning 23 years ago of one doctor for the entire region, we now have a 20-room hospital with a corps of highly skilled doctors, surgeons and nurses. We can easily recall the narrow, unpaved streets of the business section and the entire lack of snow removal or maintenance, and now look with pride on the new freeway, the efficient crews and equipment which have done a good job maintaining the streets and highway. We have watched the development for the 1960 Olympic Winter Games, one of the greatest advertising promotional enterprises to come our way and have seen the great North Tahoe region develop far beyond the expectations of the most optimistic. These are only a few of the major developments which have occurred during the past 23 years and we are justly proud of the part this newspaper played in the achievement and we will continue to serve as best we can for still greater advancement of this great region.

PLACER IS OPPOSED TO COMMISSION PLAN

AUBURN—Placer County Planning Commission Chairman Chester A. Gibbs has asked for a legislative counsel's opinion whether a sub agency of the state has jurisdiction over county planning.

Gibbs challenged the California Olympic Commission's action in giving a lease to an oil company in violation of the county's master plan of zoning in Squaw Valley, Placer County.

The state attorney general's office has ruled the Olympics commission has jurisdiction in the matter of leasing a site in Squaw Valley to the oil company.

Gibbs, along with Planning Director Stewart Bryant, said the letter was "ambiguous" with too many ifs and ands.

In a letter to Jack L. Rubin, executive secretary of the Olympic commission, Bryant warned the commission the county will seek an injunction to halt the construction of the station.

MARIE OSBURN WILL WED IN NORTHLAND

Miss Marie Osburn of Anchorage, Alaska will become the bride of Austin Ward at a church wedding, September 5, in the northern city.

Charles Osburn, Truckee business man will leave here the latter part of August to be present at the ceremony when he will give his daughter in marriage.

Miss Osburn graduated from local schools and is also a graduate of Chico State College, later going to Alaska where she has since been employed in secretarial work.

Following the nuptials the couple will reside at Fairbanks, Alaska where the future benedict is in the clothing business.

SMORGASBORD WILL BE HELD SATURDAY

A family smorgasbord and interesting entertainment will be held this Saturday evening at 6:30 o'clock in the banquet hall of the Masonic Building. A pleasant evening is being planned for all who attend.

Adults will have an excellent dinner for $1.50, children 75 cents a plate.

Summit Road Job Suffers Delay As Congress In Row

State Will Hold Cash For Obligations Pending Official Action

Several major state highway projects in northern California, including 10.3 miles to relocate a four lane freeway over Donner Summit from Soda Springs to the east end of Donner Lake, are affected by a decision to delay all new construction, pending outcome of a squabble in congress over federal aid to states for highway purposes.

The summit job, which would have virtually completed the freeway from San Francisco to the Nevada state line on U. S. Highway 40, was scheduled to cost $17,-500,000.

Robert B. Bradford, state director of public works, last week advised Governor Edmund G. Brown of the new project moratorium.

The deadlock in congress revolves around President Eisenhower's proposal to boost the 3 cent a gallon federal gasoline tax to 4 cents to pay for a $250,000,-000,000 highway aid program.

Congress wants a bond issue or loans from the general fund and the result is a stalemate with indications that congress will adjourn soon without the matter being resolved.

The big federal highway bill contains about $250,000,000 for California. This year's highway budget totals $610,000,000 of which about $302,000,000 is anticipated from federal money.

Bradford said that if the worst happens the repercussions will be drastic to the traveling public. "I don't like to be pessimistic," he said, "but we've got to keep cash on hand to meet current obligations."

Babbit Game Will End Ball Season

By JOHN FIRPO

The Truckee Mountaineers took one more big step toward the Sierra-Nevada League championship last Sunday, this time it was the easy way as their opponents could not field a team and were forced to forfeit the contest to the locals.

The official win gave the "Truckee boys" an 9-2 record to go ahead of Verdi again in the race for the league lead by one-half game. Verdi played three games in Idaho last weekend, losing two while winning one, thus having no effect upon their Sierra-Nevada League standing of second with 8 wins and 2 defeats.

This coming Sunday the Mountain Men will travel to Hawthorne, Nevada to play the Babbitt Bandits. The Babbitt ball club got off to a bad start in the first half of play but has played very tough ball in the second half. They defeated Truckee last time they met 3-2. But that day they didn't see the Mountaineers star surprise in the person of Craig Robinson. The day before Robinson had beat Verdi and didn't pitch against them.

If the Mountain Men win or lose at Babbitt in their last game of the campaign they will have cinched a tie for the championship if not won it. And if your looking ahead even more, the playoffs will begin two weeks.

SAFE HUNT CLASSES SCHEDULED LOCALLY

The schedule for the Hunter Safety Course, being conducted by H. L. (Bud) Owens was announced today.

The first one-hour instruction will be held Saturday at 1 p. m. at the Veterans Memorial Hall and will be followed by a movie on Wednesday night at 7 p. m. Next Saturday, August 22, a field trip for actual experience will be made with the time to be announced at the Wednesday evening meeting.

All boys and girls may register for the course at Bud's.

INFANT DIES

The infant son of Mr. and Mrs. Arthur Jamieson of Torrance who was born here on August 10, died the following day.

The parents were visitors at Kings Beach.

Woodland Warden Is Assigned Here To Replace Single

Charles J. Spillner, 33, of Woodland has been assigned to the Truckee district to replace the late Erwin Single as game warden for the department of fish and game in this region.

Spillner is a thoroughly experienced law officer and comes here highly recommended. He is a graduate of the University of California where he majored in criminology and for years was with the Berkeley police department before going with the fish and game department three years ago.

He has had experience in marine and land patrol and for the past year has been assigned to the Woodland district.

The new warden is married and has two sons and one daughter, who will attend the local elementary school. He is negotiating the purchase of the Single home at Gateway Park and will make this their permanent home.

At the same time it was announcd that this region is to have a new captain. Captain Kenneth W. Hooker, who has been in charge of the local detail since the advancement of Chief Bill LaMarr, has been advanced to the position of hunter safety officer for the entire state headquarters in Sacramento.

Captain Hooker's successor will be named in the near future, the announcement said.

Thelma Liddle Of Tahoe Succumbs

Last rites were held Wednesday afternoon at the Truckee Colonial Mortuary for Mrs. Thelma Liddle, well known resident of Kings Beach who expired here Monday morning following a long illness. Rev. Roy Rhoades officiated at the rites and interment was in the Tahoe City cemetery.

Mrs. Liddle was widely known and highly regarded by her legion of friends. She was a past president of the Ladies Auxiliary of the Veterans of Foreign Wars and active in that organization.

She is survived by her husband, Edwin J.; three daughters, Mrs. Jeanne Dossey of Antioch, Mrs. Joyce Edmond of Florida and Mrs. Janice Wengerd of Ohio; one son, William J. Stitz, Jr., of Florida; her parents, Mr. and Mrs. George Poorman of Ohio; one sister, Mrs. Jack Gonsky, and two brothers, George H. Poorman and Horatio O. Poorman, all of Ohio. There are 14 grand children and several nieces and nephews.

$165.000 LAND SALE AT TAHOE REVEALED

TAHOE VISTA—Announcement was made this week of the sale of 42 acres of the former Funton Estate to Frank Ellerbrook of Van Nuys at a price of $165,000.

The property is to be subdivided into deluxe lots. All will have a view of the lake from the property which adjoins Highway 28 and the Stanley Dollar property between the lake and the highway opposite the Highlands subdivision.

The sale was made by Burton Washburn Realty Co. of Carmichael, with H. E. Brooks and C. S. (Butch) Beavers representing both the buyers and sellers.

DR. J. E. CHURCH OF SNOW FAME IS DEAD

Truckee district friends of Dr. J. E. Church, the father of the modern science of snow surveying to predict floods and droughts, will be sorry to hear of his death in Reno last Wednesday at the age of 90 years.

Dr. Church was a frequent visitor here and was internationally known for his snow survey system.

TWO BABIES ARRIVE AT LOCAL HOSPITAL

Mr. and Mrs. Robert Mori of Truckee became the proud parents on August 8 of a son, named Jeff B.

His arrival weight was registered at 6 pounds, 5½ ounces at Tahoe Forest Hospital.

Mr. and Mrs. Willard Austin of Tahoe City also welcomed a son August 10 at the local hospital. His given names are Dean Alden and he weighed in at 6 pounds, 14½ ounces.

Score Injured As Series Of Wrecks Reported In Area

Crashes Occur On Newest Section Of Highway East Of Here

Eight motor vehicle accidents in which a score of people were hurt were reported by Sergeant Frank Snyder of the California Highway Patrol during the past week.

Two of the mishaps occurred on the new but as yet uncompleted freeway east of Truckee.

Monday at 2 p. m. near Boca cars driven by Henry Vierra, 33, Santa Clara, and Frank Richards, 55, Bloomington, Ill., collided headon injuring four, including the two drivers, James E. LaRock, 63, Santa Clara and Mrs. Ruth Richards of Illinois. All of the injured were taken to Tahoe Forest Hospital and with the exception of Richards all were seriously injured.

Vierra was cited for speeding and being on the wrong side of the highway.

SEVEN HURT

On the same dav, seven were injured near Floriston when cars operated by Wallace Wood, 53, Truckee, Stephen Hong, Reno and Dale Van Heiden, 25, Waverly, Iowa, were involved in a three-car collision. The patrol said the Wood car struck the Van Heiden machine and the Hong car ran into the two wrecked machines.

Both Van Heiden and his wife, Dorothy were hurt as was their three year old son, Charles. Also taken to the hospital by Truckee ambulance were Wood, Evelyn Wood, Stephen Hong and Poy Hong. Wood was cited for being on the wrong side of the highway.

CAR IN RIVER

James Farnum, 18, of Squaw Valley was hospitalized after his car got out of control and ran into the Truckee river at the half-way bridge on Highway 89 Saturday at 3:15 p. m. He was cited for speeding and not having his car under control.

Also Saturday at 1 a. m. just west of the California-Nevada state line, Mr. and Mrs. Walter Thompson of Oakland were injured and taken to a Reno hospital in a freak mishap. According to the report, Thompson was lighting a cigarette, choked on the smoke and coughed. He lost control of the car which ran off the roadway.

In a rear end collision at Kings Beach Wednesday, Mrs. Martha

Labor Is Needed On Play Field Here

As the new recreation center reaches a critical point in its construction, a call is being issued for volunteer labor to clear the area of rock, preparatory to seeding.

Pipe is being laid for the golf course and as many as 20 or 30 men can be used in the installation, then there are days and days left, according to Mrs. Karl Kielhofer, committee secretary, for rock removal. Those who are interested in seeing the project completed this fall are asked to help on Saturdays or Sundays or any other dav convenient. The few men working steadily on the project will eventually get the job done. but it will be impossible to seed before cold weather unless a concerted effort is made now.

The call is out for women and children as well as men. They can help with the smaller rocks and the help of everyone is urgently requested so that the work can be done this fall.

The lake which will be stocked with trout will be completed next week. This facility will be used as a skating rink during the winter.

The baseball park needs only to be cleared of small rocks to be ready for seeding.

A special call has gone out for a rock boat and anyone having one is asked to bring it to the baseball diamond before the weekend if possible. Lunch will be served as usual on Sunday.

NEW STUDENTS ARE ASKED TO REGISTER

New students may register at the Tahoe-Truckee High School and any of the elementary schools of the district between now and August 26. "We urgently request new students register prior to the opening of school," Superintendent John Corbin stated.

Sixth and seventh grade students who attended Kings Beach Elementary School last year, and eighth grade students from the Kings Beach area, will go to the Lake Tahoe School, Tahoe City, this coming year. Transportation will be provided on schedules to be announced later, Corbin said.

Mr. and Mrs. Carl Zehm of Tahoe City have named their new daughter who was born last week, Aleese Ann.

Mr. and Mrs. Roy Slate of Donner Lake have had as their house guests, her parents, Mr. and Mrs. Floyd Sharp of Rodeo.

NOTICE OF TRUSTEE'S SALE

On Friday, the 21st day of August, 1959, at 11:00 A. M., DORIS C. FELTON as substituted trustee (by virtue of an instrument entitled "Substitution of Trustee" dated February 20, 1957, recorded March 18, 1957, in book 230, page 459, Official Records in the office of the Recorder of Nevada County, California) under and pursuant to a Deed of Trust dated December 5, 1941, recorded December 8, 1941, in book 75, page 205 of Official Records in the office of the Recorder of Nevada County, California, and securing among other obligations a promissory note in the principal sum of FOUR THOUSAND ONE HUNDRED SEVENTY DOLLARS ($4.170.00) dated December 5, 1941, in favor of FRED D. RAYMOND (now deceased and whose interest as payee and beneficiary has by devolution vested in DONALD M. FELTON), will sell at public auction to the highest bidder for cash (payable in lawful money of the United States of America at time of sale) at the main entrance, Nevada County Court House, Nevada City, Nevada County, California, all right, title and interest conveyed to and now held by her under said deed of trust in the property situate in the County of Nevada, State of California, described as follows:

All that certain property being in the Southwest quarter of the Northwest quarter of Section 23, Township 17 North, Range 14 East, M.D.B.&M., described as follows, to-wit:

Beginning at the Southwest corner of the lot herein described a pipe 1 inch in diameter, from which the point for the quarter section corner between Sections 22 and 23, Township 17 North, Range 14 East, M.D.B.& M., bears South 35° 27' West 247.26 feet; thence North 6° 10' West 100.00 feet to the Northwest corner a pipe ¾ inches in diameter; thence North 83° 50' East 100.00 feet to the Northeast corner, a pipe 1 inch in diameter; thence South 6° 10' East 100.00 feet to the Southeast corner a pipe 1 inch in diameter; thence South 83° 50' West 100.00 feet to the place of beginning.

EXCEPTING from the foregoing described parcel that certain parcel of land as conveyed by the deed dated November ——, 1937, recorded December 4, 1937, in Book "39" of Official Records, at page 421, executed by William Rutherford, a single man, to Marie Aslakson, a single woman.

The beneficial interest under said deed of trust was distributed to DONALD M. FELTON by an "ORDER SETTLING FIRST ACCOUNT AND DIRECTING PRELIMINARY DISTRIBUTION" entered in the matter of the estate of FREDERICK D. RAYMOND, also known as FRED D. RAYMOND, also known as FRED RAYMOND, also known as F. D. RAYMOND, deceased, by the Superior Court of the State of California in and for the County of Placer in probate proceedings No. 8209; said Order having been recorded on August 13, 1956, in Book 223, page 407, Official Records in the office of the Recorder of Nevada County, California.

Said sale will be made, but without covenant or warranty express or implied, regarding title, possession or encumbrances, to pay the remaining sums due upon said note and secured by said deed of trust, to-wit: $2,999.11 with interest from February 14, 1948, as in said note and deed of trust provided, advances, if any, under the terms of said deed of trust; fees, charges and expenses of the Trustee and of trust created by said deed of trust.

The beneficiary under said deed of trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned, a written Declaration of Default and Demand for Sale, and written Notice of Breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on August 14, 1957, the undersigned caused Notice of Default to be recorded in Book 235, page 432 of Official Records in the office of the Recorder of Nevada County, California.

Dated: July 21, 1959.

DORIS C. FELTON, Trustee
Jy30A6-13-20.

UNEMPLOYMENT WILL NOT ADD TO COSTS

SACRAMENTO—(CNS) — California employers face little danger of being forced to pay an extra thirteen weeks of benefits to out-of-work employees this fall and winter, John E. Carr, state director of employment, indicated here today.

Carr said that today, unemployment is only about four per cent of covered employment, and it is not anticipated it will go as high as six per cent in 1960.

New legislation provides that unemployed persons may receive up to 13 weeks of additional unemployment benefits at their usual weekly benefit amounts, which are available for 26 weeks, when unemployment reaches six per cent or more of employment covered by the Unemployment Insurance Code.

However, on September 18, the maximum rate of unemployment insurance goes to $55 per week, he pointed out.

However, the taxing provisions of the new legislation will bill employers accordingly in 1960, on the basis of fifteen hundredths of one per cent of taxable wages paid in 1959.

He also said that the 1960 rate is expected to be twenty hundredths of one per cent of taxable wages. These additional taxes are over and above the rates employers are paying at the present time.

REGISTRATION WILL START AT COLLEGE

A. M. Akers, dean at Sierra College, this week released instructions for the registration of Sierra College students for the fall term, starting September 1.

Guidance tests for all prospective students not already tested will be administered August 11 and 12 at the Little Theater of Sierra College, starting at 7 p. m. each evening.

The American Council of Education and a reading test will be administered on the 11th. English composition and co-op will be given on the 12th.

He says these are necessary for the fall term registration. Registration dates are announced as August 20, 21, 22, 24, 25, 26 and 27.

For the convenience of students unable to take the early tests, they will be repeated on August 28 at the Little Theater, starting at 9 a. m. and continuing through the afternoon.

However, students taking the tests late may not enroll until August 31, by which time many classes are filled and closed, and more limited choice of courses remains.

Class instruction starts Sept. 1, with the first two days devoted to a program of introduction to classes.

Giovanni Schiaparelli in 1877 reported "canali" or grooves observed on the surface of Mars.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

We have been having the same beautiful weather — a couple of cloudy days and Saturday afternoon Kings Beach was the recipient of a refreshing rain, while Crystal Bay area remained dry.

LITTLE SWIMMER

Cute little Debbie Sipes is quite the swimmer I am told. Only two and a half years old she likes to play pranks by staying under the water for several seconds, while Cloyd and Dorothy watch in fright.

BIRTHDAY GREETINGS

Congratulations to Loma Sorensensen Moore whose birthday was August 7th, also to her husband John on the 10th. They celebrated the events with a dinner with Loma's mother and dad, Alice and Andy Sorensen.

FROM PASADENA

Susie and Roy McMillan with their three children spent two weeks up here, staying at the Ashtons' for one week with three other couples and one week at the Sorensens'. Alice says the children are just darling and enjoyed them so much, she hopes they will visit again real soon.

BACK AGAIN

Sophie and Arnold Miedema are up here again for a few days from San Pedro, staying with their daughter and son-in-law Wyman Williams at Brockway. They are here to celebrate their little grandson's birthday of the 10th of August. Happy birthday little six year old Randy.

FIREMAN VISITS

Peggy and Bob Pyle with their two boys, Bob and Dick were visiting for a few days with the Dave Ashtons'. Bob is with the Pasadena Fire Department and haven't missed spending a few days up here for several years—they had a wonderful time—especially the boys boating and water skiing.

WITH SYMPATHY

It is with deep regrets that I heard of the passing of Erv Single under such tragic circumstances. He was one of my favorite officers of the fish and game control—always willing to do his part for the violators as well as the department. To say he will be missed in my court putting it mildly. Our heartfelt sympathy to the bereaved family.

This Monday morning we are deeply saddened at the passing of Mrs. Thelma Liddle who had been seriously ill for several months. Thelma was a hard worker for the community and was past president of the Ladies Auxiliary of the Veterans of Foreign Wars of which she was held in the highest esteem. She will be greatly missed as a neighbor and friend to everyone in the community. Our thoughts and sympathy go to her devoted husband, Eddie, and family.

RECOVERING

Jackson Brandt is in a San Francisco hospital having undergone a serious back operation several days ago. He is recovering slowly and may be able to return home this week. We all wish him the best from now on.

QUICK TRIP

Ruby Faulkner and Babe Klitzke drove down to Santa Ana last weekend to bring Sam's mother and dad up. Mr. and Mrs. Faulkner, Sr. enjoy coming up as often as they can to visit their children.

RETURN

Shirley and Doris Griffith, who have been spending the summer with their grandparents the senior Abbott's (Ace and Mary) left this week for their home in Bakersfield. Shirley is a senior in high school and Doris will return to spend the winter and will attend the Tahoe-Truckee school where she is a sophomore.

LITTLE GUESTS

Sharon and Freddie Wofford and small daughter Julie of Fresno spent the last weekend with her parents Jean and Jerry Little, also visiting Jean's mother Mrs. Mary Pelley who is spending the summer with Jean and her brother Don Pelley.

TO BAKERSFIELD

Jacquie and Dick Lawrence with little Richard moved this week to Bakersfield where Dick will enter business. Diana and Maurice Lemke and little Mark returned recently to their home in Seattle, Diana and Jacquie are daughters of Byron and Wilma Abbott, these young mothers hope in the near future to make a trip to Colorado, to see their great grandparents, taking along the great-great-grandsons of Wilma's grandparents both of whom are in their 80's.

DINNER

The Women's Society of the Kings Beach Community Church are planning one of their favorite Swiss steak dinners to be served at the Church August 23rd, 4 to 8 o'clock, they are planning on 200 persons, so come early.

NEW SON

The Jack Feltes now have their new son, Mark Jason, at home. He is really a fine boy. Chris, the 14 year old son of the family had a fine chicken dinner all prepared for his mother when she and Mark Jason arrived home from Tahoe Forest Hospital. Some accomplishment for that young man.

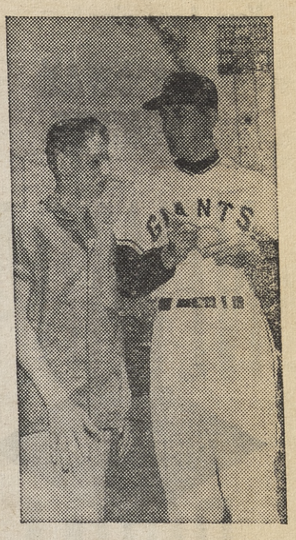
VISITING

Mr. and Mrs. Frank Preusser of Bakersfield spent a few days with their daughter and family the Aaron Abbotts. They took home with theim the young son of Kathryn and Aaron, Richard, who will be home in time for school.

CHURCH

If you have never attended the evening service at the Outdoor Chapel, Wee Kirk O' the Pines, (at the end of Bear St.) at 8 o'clock on Sunday evening, you will find it very inspiring, everyone welcome.

The Atlantic Ocean, 31,529,000 square miles in area, has an average depth of 12,880 feet.



PENMANSHIP PROBLEM — Whether big Johnny Antonelli, who has the longest name on the San Francisco Giants' roster, can get the whole thing on that little baseball is a matter of concern for this lad from Hanna Boys' Center. The stylish pitcher and his mates recently entertained a busload of youngsters from the California "boys' town" near Sonoma.

WHAT'S DOING

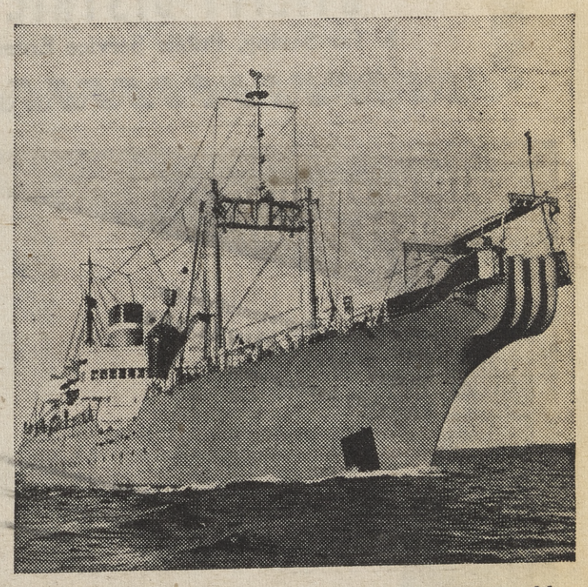
E. J. Bean, your Telephone Manager in Truckee-Tahoe.

Major E. Jones, Pacific Telephone Construction Foreman here, represented Tahoe City at a Company luncheon meeting held in Auburn last Thursday, July 23.

The function was a "get acquainted" luncheon honoring State Senator Ron Cameron and was attended by twenty-seven Telephone Company Supervisory from the Senator's Seventh District.

In addition to telephone executives from the company's division headquarters in Sacramento the meeting was attended by R. B. Scott, Jr., phone company Marysville District Manager, whose operation covers Tahoe City, Truckee and surrounding area.

* * *



Deep on the ocean floor, underseas telephone cables carry calls from this country to Alaska, Hawaii and Europe. A cable ship like the one above put them there—to stay. Just imagine the problems involved if anything should go wrong with one of these cables—sending out a repair ship, locating the trouble spot, fishing up the cable. It could cost as much as $250,000! So telephone engineers had to design all the tubes and tiny electronic parts that go into an underseas cable to work continuously for at least 20 years without attention. That's the kind of telephone know-how, backed by constant research, that makes your service more dependable . . . whether you call across town or across the world.

APPRAISERS START FIELD WORK IN CO. TO LEARN VALUES

Appraisers from the state board of equalization have started field work on a program designed to test the average relationship between assessed values and market values of taxable property in Nevada County, according to Hollis Swett, the state board's area supervisor. This is part of a statewide intercounty equalization program which is continually in progress throughout the state.

The primary purpose of this work, Swett explained, is to see that this county gets its proper share of state school funds. Other things being equal. the state furnished more aid to school districts with limited taxable resources than to wealthy districts.

Qualified appraisers will value numerous real and personal properties in the county. These appraised values will then be compared with the 1959 assessed values of these properties, and an estimate of the total market value of all property in the county in 1960 assessment roll to derive an average relationship between assessed value and market value for all locally assessed properties in the county.

If the county average is found to be in substantial conformity with the average for the whole state, no adjustment of assessed values will be needed. If it is far out of line, all secured roll assessed values in the county will be changed by whatever percentage is required to bring the county-wide average into conformity with the statewide average.

"Over $130 million of aid for school operating expenses will be paid out of the state's general fund to school districts next year under formulas which require the finding of these county averages," said Swett. "The total amount of state aid is not affected by assessed or market values, but the way in which the total is shared by the state's 1750 school districts is dependent upon these findings."

Also involved is the extent of repayment to the state of construction loans to school districts. Under authorization of the voters, the state has made or will soon make loans of this sort totaling nearly a billion dollars.

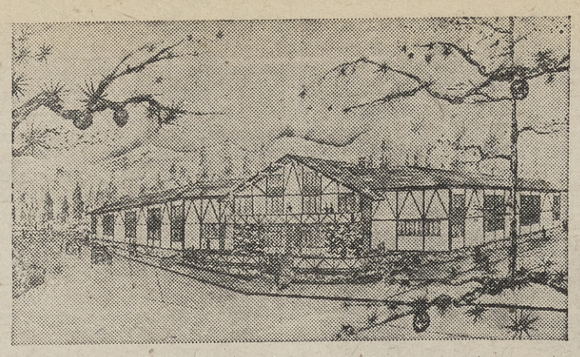
NEW U. C. CENTER IS TO BE AT TAHOE

TAHOE CITY — Construction was started near Tahoe City of a new educational and recreational center for the University of California Alumni Association, it was announced this week.

The association president, Mortimer Smith, said the center is near the new Comstock Acres development and the Granlibakken ski resort. It is about seven miles from Squaw Valley.

Smith said the $472,000 center would be an extension of facilities now located near Pinecrest.

San Francisco was the first city in the nation to have a civic opera house.



OFFICIAL HOUSING—Members of the International Olympic Committee will stay at the Squaw Valley Inn during the VIII Olympic Winter Games next Feb. 18 to 28. Jay Quetnick, president of the Squaw Valley Inn Corporation, says the attractive, 60-unit accommodation will be completed Oct. 15. Information on Games tickets and housing may be obtained by writing Olympic Winter Games, San Francisco 5, Calif.

NEW SQUAW VALLEY INN WILL HOUSE OLYMPIC OFFICIALS DURING GAMES

SQUAW VALLEY—The Squaw Valley Inn, a modernistic, 60-unit motel located near the site of the VIII Olympic Winter Games, will house the International Olympic Committee members during the international event February 18-28, 1960, Prentis C. Hale, president of the organizing committee, said today.

The Squaw Valley Inn is the latest in a number of Lake Tahoe and Reno resorts and motels to sign a contract with the organizing committee as part of the latter's "hold-the-line" campaign on housing prices during the games' period. All hotels and motels are cooperating with the organizing committee in this program will fly an official blue housing flag.

Jay Quetnick, president of the Squaw Valley Inn Corporation, said the inn will be completed by October 15. Included will be a dining room, and lounge and a heated swimming pool. The Squaw Valley Inn will be open during both the winter and summer.

Robert J. McMahon, the organizing committee's housing director, said that 35,721 accommodations are available for spectators ranging from $5 to $12.50 per person per night within a range of 50 miles from Squaw Valley. For tickets and housing information, write Olympic Winter Games, San Francisco 5.

GERALD HASKELL, JR. JOINS U. S. MARINES

RENO — Enlisted in the U. S. Marine Corps, July 23rd, was Gerald D. Haskell, Jr., 18, son of Mr. G. D. Haskell, Sr., Truckee California.

Pvt. Haskell enlisted for a regular tour of four years and is currently undergoing "boot camp" at the Marine Corps Recruit Training Depot, San Diego. Upon completion thereof, the new marine will undergo four weeks of advance combat training at Camp Pendleton, Oceanside, after which he receives his first leave and his assignment to a school for specialized training in one of the many Marine Corps occupational fields.

Prior to enlistment Pvt. Haskell graduated from the Pittsburg High School. He is also one of the few new Marines that made a very high score on the qualification examination, missing only two questions out of one hundred.

That, son, is a home that's completely heated by electricity. And in the years ahead, it's likely that more homes will be heated by electricity than by any other method.

Electric home heating is the really modern way—clean, automatic, safe, and so convenient. You can have a chimney if you want it, of course, but you'll save many dollars on home building with easy-to-install, economical electric heating.

Ask us for details, or see your electric wiring contractor about the ideal way to heat your home . . . electrically.

NORTH TAHOE WILL DISCONTINUE DANCE

KINGS BEACH—The North Tahoe Recreation Council announces that the dance to be held Friday night at the Kings Beach school will be the last for the summer season.

The program was to have concluded after Friday, August 21, but the school district will need to make additional changes in the multi-purpose room before school opens necessitating the termination of the dances one week early. Earl Langguth, executive secretary of the council reported.

NEVADA FAIR WILL OPEN AUGUST 27TH

The Nevada County Fair at Grass Valley will open on August 27 for a four-day run with the buildings and grounds filled to capacity with exhibits. An almost continuous program of daily free entertainment about the grounds has been provided this year with the kid's day physical fitness program with prizes galore and the free junior horse show set for the opening day.

There will be two nights of wild west rodeo, Sunday afternoon horseshow, and jalopy racing to be held in the arena at popular prices, kids 12 and under admitted free when accompanied by adults.

Manager Malcolm E. Hammill states that the fairgrounds have been improved with paving on the roads and walkways, many new areas planted to grass, a new dance slab for evening dancing, hundreds of colorful flowers and gay decorations throughout the grounds, promising fairgoers full days of fun and interest.

Serpentine is one of the most distinctive and widely distributed rocks of central and northern California.

TAHOE COUPLE SUE FOR LOSS OF TREES

BROCKWAY — San Francisco attorneys for Mr. and Mrs. Almon C. Graber of Brockway Vista and San Francisco have filed a claim against the county of Placer for $5,000 as a result of the county's removal of two pine trees which the claimants state were on their property at Tahoe.

Director of Public Works Bruno Bacci admits the county did remove the trees but that the trees were on the county's right of way.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

W. end Donner Lake,
S/S Hwy. 40
Truckee, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:

On-Sale General license
(Bona Fide Public Eating Place)

Anyone desiring to protest the issuance of such licenses may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

DONNER DOINGS

BY VIRGINIA O' BEAR

Mrs. William Grimm has returned home after taking a course in retail training at San Francisco State College. Barbara said she had actual retail experience as the college sends their students right into the large department stores. Barbara was at Macy's and said it was quite an experience. She is busy now getting ready to teach at the Tahoe Truckee High School and in between her busy schedule, she is sometimes seen out on the new sundeck that Milan Wight just finished.

* * *

Mr. and Mrs. Robert Dudley of San Francisco are up for two weeks vacation. They purchased a home at the west end of the lake last winter and have been busy fixing it up so they can have all of their friends up for the Olympics.

* * *

Mr. and Mrs. B. Arvin are getting settled in their home they had moved to Donner Lake. When the new highway went through their front room, they had movers bring the house out to Donner and put it on a foundation. This summer they had the plumbing, electricity, water and gas hooked up and now seem to be very comfortable. They just finished a sun deck and have some potted plants here and there to add to its beauty.

* * *

Little Sandy Davis suffered a mishap last week. She was playing in her back yard and sat down on a nail. Julia rushed her to Dr. King and he gave her a tetanus shot. While there, she got her polio booster shot, so between the nail, the two shots, Sandy didn't feel so well for a few days.

* * *

For you outboard racing fans, there will be a regatta at Lake Almanor on Sunday, August 23. It will be at the PG&E Damsite at Saddle Dam, south end of the lake. It is near Chester on highway 89. The races start at 10 a.m. and the same classes and drivers will be on hand to furnish an exciting race as we experienced here at Donner on July 12.

* * *

If you have been to the Property Owner's Beach recently, you no doubt noticed the vast improvement made by the members of the Donner Lake Property Owners Association. In order to have more of a sunny beach, crews removed some of the trees, took out stumps and leveled off some of the area so they could spread the sand and make the beach more inviting. The beach committee recommended markings along the inlet and around the perimeter for a safer swimming area; and the remainder of the 200' beach be designated for boating and waterskiing with sufficient markings as to take-off and return patterns. This suggested recommendation has been adopted by the officers and directors on a trial basis for the remainder of the summer, with the idea to be reviewed at the end of the summer season.

* * *

On August 23, at the east end of Donner Lake near the channel, there will be an old fashioned picnic with horeshoe pitching and all kinds of games. It will be a joint affair with the Truckee Fire Department, the Donner Lake Volunteer Fire Department, the Truckee Firettes and the Donner Lake Ladies Auxiliary. It will start at 2 p. m. and all families are asked to bring their own picnic lunches with plates and forks, etc. but there will be refreshments. Anyone who wishes to volunteer for a lifeguard or baby sitting services will be greatly appreciated.

* * *

A board meeting of the Ladies Auxiliary at Donner Lake will be held at the home of Mrs. Richard Walker on Monday evening, August 17. The regular meeting will be held in Truckee at the home of Mrs. Tony Polyanich and will be an informal one with refreshments being served after the business meeting which is scheduled for Thursday, August 20. All members are invited and urged to come as it will be a lot of fun.

* * *

Donner Lake was patrolled the past weekend by deputies Leo Zander and Bob Schooley. The two did a wonderful job and the residents as well as the vacationers around the floats and beaches commented on how nice it was not to have to drag the children out of the water everytime a boat or skiier came by. The boats stayed out where they were supposed to which makes Donner Lake a safer place for the swimmers as well as the fishermen that line the shore. It was good to see the officers pulling up to the boats on the lake and warning them when they were doing something wrong. Most of the warnings concerned drivers pulling skiiers without an observer in the boat. An observer has to be someone over 12 years of age, in the boat besides the driver. The lake will continue to be patrolled for the rest of the summer and next year a boat will be available for that purpose.

ORDINANCE NO. 232

AN ORDINANCE DETERMINING AND DECLARING A PRIMA FACIE SPEED LIMIT OF 25 MILES PER HOUR ON THE BROCKWAY ROAD

WHEREAS, the prima facie speed limit of 55 miles per hour is applicable under the Vehicle Code to that portion of the BROCKWAY ROAD (Primary Road No. 50) extending for the distance of 900 feet, Southeasterly from Bridge No. 22 over Truckee River, in the County of Nevada, State of California, and

WHEREAS, the Board of Supervisors has determined upon the basis of an engineering and traffic survey that the prima facie speed limit on said road is more than is reasonable or safe thereon and

WHEREAS, the Board of Supervisors finds that a prima facie speed limit of 25 miles per hour on said road is reasonable and safe and it most appropriate to facilitate the ordinary movement of traffic thereon.

NOW, THEREFORE, THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1: That the Board of Supervisors of the County of Nevada does hereby determine and declare a prima facie speed limit of 25 miles per hour on that portion of that certain road known as the Brockway Road extending for a distance of 900 feet, Southeasterly from Bridge No. 22 over Truckee River, and said prima facie speed limit of 25 miles per hour on said road is hereby established.

Section 2: That the Road Commissioner of the County of Nevada be, and he is, authorized and instructed to erect or cause to be erected appropriate signs on the said road giving notice of the prima facie speed limit as hereby declared and established in Section 1 hereof.

Section 3: This ordinance shall take effect and be in force at the expiration of thirty (30) days from and after its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the Supervisors voting for and against the same, in a newspaper of general circulation published in the County of Nevada.

ADOPTED AND PASSED by the Board of Supervisors of the County of Nevada, State of California, this 3rd day of August 1959, by the following vote:

AYES: Supervisors Smart, Bishop, Coughlan, Robinson and Loehr,
NOES: Supervisors None.
ABSENT: Supervisors None.

W. W. BISHOP,
Chairman of the Board of Supervisors of the County of Nevada.

Attest:
JOHN T. TRAUNER,
County Clerk and Ex-Offico Clerk of the Board of Supervisors.

The following is in regards to a survey made on the Brockway Road in Truckee, Calif.

Total length of road .....2.01 miles
Length of road to be signed .....900 feet
Direction—SE from Truckee
Kind of road—Primary No. 50
Surface of road—oiled
24 hr. traffic count ....744 vehicles
A13

The highest suspension bridge in the world crosses the Arkansas River in Colorado, 1052 feet above the river.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent, Truckee, California, on or before, and no later than September 8, 1959, at eight o'clock P. M. at which place and time bids will be opened for the purchase of one school bus in accordance with the specifications on file at the office of the District Superintendent.

The above bus shall meet all requirements of the State of California in every respect as set forth by the State Department of Education and the California Highway Patrol for 1959 regulations.

The Board of Trustees reserves the right to reject any or all bids, in part or in toto, to waive any irregularities, and to be the sole judge of the suitability of equipment offered.

Bidders are required to submit complete specifications for any and all items for which bids are offered and furnish a certified check in the amount of ten (10%) per cent of the bid to guarantee faithful performance of contract.

By order of the Governing Board.

GAMING ENTERTAINMENT

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Regular Meeting August 3, 1959
Present:
John T. Trauner, Clerk
Wm. J. Cassettari, Deputy
District Attorney

The meeting was called to order by the Chairman of the Board at 10:00 o'clock A. M. and all members of the Board were noted as present.

The minutes of the previous meeting were read to the Board by the Clerk and a motion was made, duly seconded and passed unanimously, approving the minutes as read.

The County Auditor presented the Board with a list of tax deeded property within the County of Nevada, and urged that the Tax Collector be authorized to sell the property. After a short discussion the matter was deferred.

The Auditor then presented the Board with a statement relative to the Final Budget for the fiscal year 1959-60.

Mr. Robert Brown, representative of the California Taxpayers Association, appeared before the Board and stated that he had studied the Preliminary Budget, as compiled by the County Auditor and praised the encumbrance system of accounting now in effect in the County. Mr. Brown entered into a discussion on the Road Department Budget, and recommended that the Board immediately institute cost accounting in the Road Department and set the Budget requirements on the need of the Road Department rather than a fund balance figure.

At this time Supervisor Smart was excused from further attendance until the afternoon session.

Mrs. Dorothy Burille, Supervisor, County Welfare Department appeared before the Board and rendered the report for that department for the month of July, and a motion was made, duly seconded and passed unanimously, accepting the report and ordering it filed.

The Clerk presented the Board with an agreement to be signed with the Department of Veterans Affairs to provide a subsidy for the Veteran's Service office, and upon a motion made, duly seconded and passed unanimously, the agreement was accepted.

The Clerk then presented an agreement with the Department of Agriculture to provide a subsidy for the Agricultural Comm. office, and upon a motion made, duly seconded and passed unanimously, the agreement was accepted.

The Auditor presented the Board with a check for $135,00 that had been drawn on the Trust Account by the Bank and requested the Board to direct him as to the disposition of the check. A motion was made by Supervisor Loehr, duly seconded and passed unanimously, directing the Auditor to deposit the check into the Promotional Fund.

Mr. Clare Hughes, Purchasing Agent, appeared before the Board and entered into a discussion on an agreement with Robert Gilberg for the exhibit to be displayed at both the State Fair and the Pomona Fair.

At the request of the Purchasing Agent and upon a motion made, duly seconded and passed unanimously, an old gas engine in the Agricultural Commissioners office was declared surplus.

The Purchasing Agent then presented the Board with bids received for providing brochure on the recently enacted boating ordinance, and a motion was made, duly seconded and passed unanimously, accepting the lowest bid and authorizing the printing of 1,000 brochures.

At this time a motion was made, duly seconded and passed unanimously, to adjourn for lunch to reconvene at 1:30 P. M.

AFTERNOON SESSION

The Board reconvened at 1:40 P. M. and it was noted that Supervisor Smart was absent.

Mr. Wm. Harris, Superintendent of the County Hospital, appeared before the Board and requested that the Superintendent and the bookkeeper be allowed one meal per day at county expense, and he be allowed to engage one porter on a full maintenance program. A motion to this effect was made by Supervisor Loehr, duly seconded and passed unanimously.

Mr. Scott Barrow, Manager of the Nevada County Title Co., appeared before the Board and presented the Board with a copy of the microfilm that had been made of all deeds recorded in the Recorder's Office. A motion was made by Supervisor Loehr, duly seconded and passed unanimously, accepting the film in the name of the County and depositing it with the County Clerk.

Mr. Carlos McGuire appeared before the Board and requested that a Boundary Commission meeting be called. At this time the Chairman announced a ten minute recess.

The Board reconvened at 2:25 P. M. and it was noted that Supervisor Smart was present.

Mr. McGuire then presented a map of the Forest Glade Subdivision and requested permission to record the same. A motion was made, duly seconded and passed unanimously, authorizing the Chairman and the Clerk to sign the map after a tax bond had been filed.

Mr. Peter Ingram, representing the Grass Valley Junior Chamber of Commerce, appeared before the Board and offered any help the Junior Chamber could give on the redistricting of the Supervisorial Districts. Mr. Ingram was informed that the committee had not yet been selected.

A representative of the State Division of Forestry appeared before the Board and made various recommendations for fire control at the County dump and the Board took no action on his recommendations at the present time.

Mr. Downey Clinch, Chairman of the County Airport Commission appeared before the Board and requested permission to purchase 200 feet of 8 inch culvert pipe and to charge the cost of the pipe to the Special Aviation Gas Tax Fund. A motion was made, duly seconded and passed unanimously, authorizing the Purchasing Agent to purchase 200 feet of 8 inch culvert pipe and 200 feet of perforated drain pipe, in the amount og $383.91.

Mr. Robert Graham, County Road Commissioner, appeared before the Board and presented the Board with proposed Ordinance 232 establishing a speed limit on the Brockway Road. A motion was made by Supervisor Coughlan, duly seconded and passed unanimously, adopting Ordinance 232 as presented.

At the request of the Road Commissioner, and upon a motion made, duly seconded and passed unanimously, the Clerk was directed to accept a Deed to Nancy Lane executed by George Knack and Madge Knack and have the same recorded.

Mr. Wayne Brown, Sheriff of Nevada County, appeared before the Board and entered into a brief discussion on a possible dog control ordinance.

At this time a motion was made, duly seconded and passed unanimously, to adjourn, to meet again on August 19, 1959 at 10:00 A. M. thereof.

/s/ W. W. BISHOP,
Chairman of the Board of Supervisors, County of Nevada

ATTEST:
/s/ JOHN T. TRAUNER,
Clerk of Said Board

Morning Services: 11 a.m

How spiritual understanding of God heals sickness as well as sin will be brought out at Christian Science services Sunday.

"Spirit" is the subject of the Lesson-Sermon.

Readings from the King James Version of the Bible will include Christ Jesus' promise (John 14:12): "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; beacuse I go unto my Father."

From "Science and Health with Key to the Scripture" by Mary Baker Eddy the following will be read (316:7): "Christ. Truth, was demonstrated through Jesus to prove the power of Spirit over the Flesh,—to show that Truth is made manifest by its effects upon the human mind and body, healing sickness and destroying sin."

TRUCKEE BIBLE CHURCH

Sunday Evening, 7:30 p. m.
Mid-week Wednesday, 8 p. m.
Kings Beach.

"Now it comes to pass in the days when the judges ruled that there was a famine in the land" (Ruth 1:1). No thinking person would deny the growing spiritual famine on the international and national scene as well as the individual basis. The boom in tranquilizer sales proves daily that there is increasing idolatry, immorality, a deafness to the Word of God which is a combined threat of anarchism. Even in this day of complex living the answers to life and love, labor and capital are found in the Bible. "Ceiling Zero" is the title for Sunday's message.

West Shore Notes

Nina Slade
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

Mr. and Mrs. Byron E. Morgan who came to Tahoe in 1951 are leaving September 1 for Arroyo Grande where they have purchased a new home. Byron worked at Kehoe's grocery in 1951 when they first came. Mrs. Morgan is a self-taught painter and has done some oils and water colors that outrival the experts. The Morgans have been caretakers at Meeks Bay the past seven years. Byron has retained his realtor's license, so he won't be too retired to make a sale or two when they settle down. Mrs. Morgan's paintings have been exhibited in Carson City and at the Mapes Hotel in Reno.

* * *

Sad news is the death of Stanley J. Pugh, Squaw Valley of a heart attack and that of Bud Lampson, South Shore, by his own hand.

* * *

Mrs. Stella Watson of Highlands had a visit from daughter Mildred Collins of San Anselmo last week. Mildred's young son is busy working on the fruit crop in Auburn and driving a tractor to make pin money for school.

* * *

In Tahoe City, during the thunderstorm last Saturday, fire started by lightning on Mt. Rubicon could be plainly seen.

* * *

Mrs. Pat (Malcolm) Fox of Squaw Valley has been exercising her horse for the 100-mile-ride to Auburn with the Pony Express trail riders on August 16.

* * *

August birthday greetings are due Alice Waston Bectel, Tahoe City, Ernest Pomin, Tahoe Pines, Mrs. Radford Kiefer, a young 85 year-oldster, former Tahoe City resident, Hulda Nielsen, of Auburn. Constance Marie Van Wetter, Squaw Valley, three, Peggy Dailey of Tahoma, and Postmaster Oliver Corona can watch his own birthday greetings come in.

* * *

The Bob Campbells, Tahoma, seem to be beset by foot troubles. Early this year, Jackie Campbell broke her ankle while skiing on the Tahoma cross-country trail. After that, young Chad sprained his ankle badly while playing basketball. Now, Chad missed a stroke with his axe and sustained a deep gash on his left leg while working.

* * *

You could say that the Anaclerio families surround Lake Tahoe—almost. The Albert Anaclerios of Lafayette live at Tahoma; the Roy Anaclerios of Berkeley are at Carnelian Bay; the Tony Anaclerios of Albany live in the Rubicon properties; Bob Anaclerio of Concord runs the boat house at Tahoma. Charlie Anaclerio, father of Bob helps out at Tahoma and lives in Walnut Creek. It's confusing to postmasters, but one thing they all have in common—they like Lake Tahoe.

* * *

Mr. Ken Moeller, executive of the Oakland Chamber of Commerce and Mrs. Moeller are vacationing at Tahoe Pine Lodge, Tahoma.

* * *

The Art Festival sponsored by St. Nicholas Episcopal Church last Saturday went off very well. There were many pictures on display and the show was well-attended until the thunderstorm broke in mid-afternoon. Cookies and punch were furnished and served by the ladies of the church.

* * *

The Lake Tahoe Soroptimists met last Tuesday at Crystal Bay Club for breakfast.

* * *

The Woman's Club met Thursday at Homewood Resort. Next meeting September 3 at Tradewinds, Kings Beach, 12:30 p. m.

* * *

President of the San Francisco Opera Co., Robert Watts Miller, and Mrs. Miller have taken the Bruce Kelham house in the Rubicon properties for the month of August.

* * *

A romance that began at Tahoe blossomed into a wedding on June 20 for Griff Tully of San Jose and Tahoma, and Gayle Fry of Mt. Eden (Hayward). Griff and Gayle both attended USC, Griff taking graduate work. Parents of the bride are Mr. and Mrs. Jeryl Fry, Griff is the son of Dr. and Mrs. P. E. Tully. The young couple are honeymooning in Hawaii.

* * *

Mrs. Charles Gooschin and daughter Mary Ann of San Francisco are spending some time at their Tahoma cabin.

* * *

Karen Ledin and George and Betty Fay of Mill Valley are at the Daggett home in Tahoma.

* * *

Chris Egsgaard of San Fernando Valley rode to Tahoe City in three days with the Model T Club of Southern California. Chris worked at Squaw Valley resort for five years before leaving to do landscaping in the south. He plans to come to Tahoe again for the Olympics. The Model T Club drivers camped at Eldorado campgrounds.

* * *

There's been quite a bit of vanadilsm around Tahoma recently, stolen house signs, and broken windows. Sad to relate these deeds are not those of transients or hoodlums.

Duckweed or Duck's Meat, a tiny floating plant, produces the most minute blossoms of all flowering plants.

TAHOE ROTARIANS HOLD CAMP MEET

TAHOE CITY — The August 4 luncheon meeting of Tahoe City Rotary Club was held at Camp Noel Porter which adjoins the Episcopal Outdoor Chapel. Rev. Stanley Welch who replaced Bishop Porter at his retirement a year ago, had the camp cook for the 275 boys and girls prepare the meal and the proceeds for $250 was turned over to Bishop Porter to help maintain the camp. Attending the meeting were 25 members, 41 visiting Rotarians and five guests.

For the after luncheon program, member Bob McMahon introduced Col. A. A. Heiman, military coordinator who has 25 army soldiers at Squaw Valley to install a communications system for the 1960 Winter Olympics. The colonel said his men are getting very important training in the field of communications and he answered questions pertaining to the work and why the military was at Squaw Valley.

He explained that the 85th Congress had approved appropriations of federal money to be administered by the government and the $3,500,000 ice skating arena is from federal money. He thought the arena will be completed in due time for the games.

Basil Kehoe presided in the absence of both President Bill Bechdolt and Vice-President Ralph Bly.

MRS. URCH'S MOTHER EXPIRES IN VALLEY

HOMEWOOD — Services were held last week in Sacramento for Mrs. Sarah Jane Davis, 97, mother of Mrs. Leah Urch of Homewood. Mrs. Davis expired Monday at her home in West Sacramento. Interment was in East Lawn cemetery. Besides her daughter here, Mrs. Davis left four other children. She had been a resident of California since 1907.

The only church in San Francisco whose services are conducted in the Spanish language is Nuestra Senora de Guadalupe.

TAHOE SQUAWS ARE BUSY ON PROJECTS

TAHOE CITY — The Tahoe Squaws are a busy group this summer season preparing for their rummage sale to be held at the St. Nicholas Church in Tahoe City, August 21st and 22nd, under the chairmanship of Mesdames Jean Legras and Ted Lewis.

A patio party was held at the home of Mrs. Lewis, fun galore was had by the Squaws, Braves, and guests.

Mrs. Hoover of the California Hospital Auxiliary, spoke to the Squaws about the formation of an auxiliary for the Tahoe Forest Hospital. Dr. Monica Briner and Jack McGlade spoke of the needs that are so great and so diversified that the work should interest every club member. A planning session will follow this meeting that was held at the home of Mrs. Enrico Giannini. Mesdames James Martin and Milton J. Shontz, of the Women's Club of Tahoe, were guests.

The next meeting of the Tahoe Squaws will be held at the home of Mrs. Peter Johnson.

GATEWAY SHOPPING CENTER Ph. LU 7-3067

"That horn-blower behind me got my goat . . ."

Even good drivers can be forced into accidents! A hill-climbing truck ahead and a parade of honkers behind can try your patience. Some tailgater with his lights full on you can make you boil. But don't fall for those old "let's you and him fight" routines. Traffic accidents killed 37,000 people last year. Who knows how many died because some good driver let another pressure him into taking a foolish chance? Don't let anger force you to risk lives—yours or others!

Where traffic laws are strictly enforced, deaths go DOWN!

Baking "cookies" for better roads

"Cookies" of asphalt paving are baked and **frozen in our** laboratories, so we can measure how **highways** wear in all types of weather.

The man is William H. Ellis, one of Standard's **scientists who** conduct many such tests to improve **highway** materials and construction methods. We **actually** build roads, subject them to crushing **pressure,** try out many paving mixes, work closely **with** highway engineers.

Our work benefits you both as a motorist and a **taxpayer.** Asphalt costs less than any other pave**ment** . . . three miles of highway for the cost of two. **You** also get roads that resist skids, cut down glare, make lane markers easier to see . . . roads which are smooth, quiet and comfortable.

Asphalt roads are ready for use within hours after laying . . . cost less to maintain and can be even stronger and better after years of service.

By such continuing research that brings you better products at lower cost, ***the people at Standard are planning ahead to serve you better.***

Standard's asphalt products are made and sold by American Bitumuls & Asphalt Company, a wholly-owned subsidiary.

LAKES MAY PRODUCE FISH WITH SCIENCE

DAVIS—The fish hooked by anglers are a measure of what a lake can produce. But science has new measures that look to a day when lake waters may be treated as soils are in agriculture, and made to produce more food in a crowded world.

Limnologist Charles R. Goldman at the University of California, Davis, with a system he used before in Alaska, is measuring the basic fertility of three natural California lakes, Tahoe, Clear Lake, and Castle Lake, and one new, man-made one, Lake Berryessa, back of Monticello dam. Their real, basic fertility, he said, is their capacity to convert nutrients into algae through photosynthesis, the process by which all green plants manufacture food.

The "food chain" in lakes, Goldman notes, may well be compared to that on land. First comes plant life, in the form of algae and higher aquatic plants. Next in line come the lake's herbivores, such creatures as small crustaceans; and finally larger fish may eat the small ones. Man, of course, may be fitted to the top of the food pyramid as the ultimate predator.

Goldman, whose field of science (limnology) is the study of fresh waters, will draw and test samples of lake waters at various depths, some extremely deep in Lake Tahoe. He will return the water to the depth from which it came, each sample from a buoy. In each sealed container will be added a minute quantity of the tracer element Carbon 14, with less radioactivity than in a luminous watch-dial. Goldman can then measure the lake's productivity by carbon uptake in photoynthesis within the bottle. The method, he reports, is so sensitive that a four-hour suspension in the lake is long enough.

"Fish production has been observed to decline rapidly after a few years in new reservoirs," the Davis limnologist said. "Whether or not this represents an actual decline in fertility reflected in lower photosynthetic rates of the primary producers has never been ascertained."

Goldman's study, aided by a National Science Foundation grant, will run at least three years.

Glad to report that the Little Leaguers got their cherished trip to San Francisco to see the Giants play with the help of Ernest Marier, of Lake Forest, the benefit game July26, and the Rotary Club. Ernest states they saw a great game on July 30, when Willie McCovey made baseball history for the Giants. Thirty-three Little Leaguers made the trip and it was a great day for them, too. Marier hopes to have a team from Truckee and Kings Beach next year, with two at Tahoe City, making a Lake league of our own.

* * *

Better see Postmaster Corona at Tahoe City if you'd like to have what may become a collector's item some day in the way of a postal cover for mail carried August 15 by the Pony Express commemorative ride from Tahoe City to Auburn, a 100-mile, one day trip on horseback. Riders are urged to have their horses checked before making the trip. Nick Mansfield will leave the Reno post office for Tahoe City at 6 a. m. August 14th. Pat Fitzgerald will leave Galena Creek at the same hour. This pony express mail will be stamped out by Postmaster Corona for Auburn. Write yourself a letter to be postmarked for this trip, August 14, or write one to a friend and send a little bit of Tahoe history for a gift. The editor of Western Horseman magazine will join the riders. Reservations are still open for those who wish to make the 100-mile trip. The riders will welcome any who want to help carry the mail through.

* * *

A sincere salute and vote of thanks is due Tahoe City's Volunteer firemen who do so much for so many and ask nothing in return. This year, with such extreme fire hazard, these men have been on the go constantly. In two days, recently, the Volunteers answered four emergency calls. Each volunteer has his own job or business, but when summoned they drop everything to serve the community's. They also man and drive the ambulance for this area. Truly double-duty good samaritans and every person in the area owes them deep gratitude.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO—(CNS) — Governor Edmund G. Brown is moving right ahead with his governmental re-organization program, but the details of what is going to be recommended probably won't be available to the public for quite some time.

The governor met with department heads recently, at the exclusive Sutter Club, and discussed the program. At a press conference the day following, he said nothing is ready yet for public announcement.

He did say, however, that his Citizen's Committee, and departmental heads, along with members of his staff, would hold a two-day meeting on the campus of the University of California at Davis, sometime in September. The governor declared he preferred that this meeting also be in executive session, although it has not been decided yet, as to whether the press will be permitted to cover the session.

"If it's an open meeting," he stated, "then I'm afraid the conversation would be restrained. I don't know whether this conflicts with the Brown Act or not, but I prefer it would be executive."

(The Brown acts have nothing to do with Governor Brown. They were passed through the legislature after introduction by Speaker of the Asesmbly Ralph L. Brown (D-Modesto), and their purpose is to keep local government bodies and certain state boards and commissions from holding secret meetings).

Governor Brown does not intend to discuss the re-organization plans until they are ready for submission to the state legislature, he indicated.

It is a better than even bet, he said, that a special session will be called next year, probably during the budget session, to consider a proposed re-organization of state government. This is because the governor said he believes in moving ahead, and also to provide that constitutional amendments, if they are necessary or recomended, can go on the November 1960 general election ballot.

Brown's mention of constitutional amendments indicate that probably, re-organiztion with relation to the state board of equalization, and perhaps other of the constitutional offices, such as state treasurer, may be involved.

The legislature several years ago, defeated an attempt to establish a Department of Revenue, which would have taken certain powers away from the board of equalization, which is now the largest tax collection agency in the state.

Eight persons are on the governor's re-organization committee. It is headed by Bert W. Levit, retiring director of finance, who will continue to head the group. Other members are Robert Bradford, director of public works; Marvin Tarshes, Sacramento county manager; James R. Bell, professor of public administration at Sacramento State College; Wesley McClure, city manager of San Leandro; Dean E. McHenry, professor at the University of California at Los Angeles; Charles W. Johnson, departmental secretary to the governor, and John E. Carr, newly appointed director of finance.

The governor also will check with legislators before he makes recommendations.

Kallegs At Kingvale—

Mr. and Mrs. George Kalleg of San Francisco, with their family are occupying their place at Kingvale.

COUNTY WILL HAVE EXHIBIT IN SOUTH

Of local interest, due to Nevada County's participation, is the announcement that preparations for the 32nd annual Los Angeles County Fair Pomona, September 18 through October 4, have turned the 450 acre exposition park into a hive of industry. Included are plans for a substantial increase in attendance which, last fall, reached a total of 1,083,927.

Over a million zinnias and some 20,000 gazanias have been planted so as to be in full bloom at fair time. The fair has long prided itself on being the most beautiful as well as the largest county fair in the nation. The huge exposition buildings are being made ready for the influx of exhibits. Preliminary work has also been started on the construction of feature exhibits in the agricultural building.

Saw My Fair Lady—

Mr. and Mrs. Daven Morey stopped in Sacramento en route to San Francisco last weekend where they attended a performance of "My Fair Lady."

The United States furnishes a market for about 85 per cent of Mexico's oil exports.

WRECKS

Continued from Page One

Lerch of Oakland was injured when the car in which she was a passenger and driven by Rose Muller, Oakland, was hit in the rear by one operated by Lynn Chiapella of Chico. Chiapella was cited for following too closely.

FOUR ARRESTED

Four people were arrested last week in Sacramento following an accident on Donner Summit. The car driven by Consuelo Zamora and occupied by Ravmon Peramo, 3, Roque Tapuro, 21, and Marie Trijalva, 17, all of San Jose, was involved in a one-car accident and when other cars stopped to aid and offered to call the police, the four fled the scene. Before doing so, the driver ripped up a social security card and driver's license and threw them down the embankment. The pieces were put together by the patrolman and a call made to Sacramento.

There the four were arrested and were being held on various charges. None was believed injured.

REAR END CRASH

Another rearend collision Monday at 9:45 a. m. near Tahoe City injured Alan Durant, 55, of Hayward when his car was struck in the control zone by one driven by Susan Shea, 16, San Francisco.

Robert Ingram, publisher of the Grass Valley Union escaped injury when his car and one driven by Florence Beard, 45, Yuba City collided on State Route 89 just north of Truckee Saturday at 5:25 p. m. Leonard Metz in the Ingram car was injured. It is believed that the Ingram car skidded on the rain covered highway.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

E/S Bridge N. of Church St. Int., Truckee, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license (or licenses) for these premises as follows:

On-Sale Beer License

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

Billie R. Bodine and Harold P. Bodine.

KELLY McQUARY IS FETED ON BIRTHDAY

Kelly McQuary, daughter of Mr and Mrs. Roy E. McQuary, Jr. of Meadow Park, celebrated her fourth birthdate, August 11, at a surprise party given at her home Saturday afternoon.

Young guests included the Misses Kay and Nancy Raynor, Sheri and Robin Sassarini, and Judy Dent, and the Masters Michael Raynor, Bill Sassarini, and Dennis Dent, all of Truckee. Also present were the Misses Susan Jean Roberts, the honoree's cousin, and Lynda Wytzke and Master Alan Wytzke, all from Concord.

Assisting at the party were Kelly's grandmother, Mrs. Marie Roberts, Mrs. Marge Wytzke, and Mrs. Harry Raynor.

After refreshments and cutting of the beautiful birthday cake, made by Mrs. Harry Eaton, the young people enjoyed games with prizes going to Kelly and Judy Dent.

SHRINERS HOSTS TO CHILDREN AT CIRCUS

El-Ta-Ho Shrine Club of Crystal Bay was again host for the 7th consecutive year to some 290 children of the Tahoe-Truckee School district on August 5th to the Shrine-Pollack Bros. circus in Reno. Transportation, lunch and the circus was given to all free of charge.

President Dan "Andy" Anderson wishes to thank all the chaperones for their help, the Shriners who helped load the buses and especially to all the children who went over. They were a wonderful bunch of well behaved children and it is the wish and hope of Pres. Anderson that they will again be the guests of the club next year.

Some 2500 children enjoyed the circus as guests of the Shrine Kerak Temple of Reno.

S.P. EMPLOYE RITES ARE HELD AT LODI

Funeral services were held at Lodi for Alfred Smith Wilson, 30 year old railroad construction worker, who was drowned when his car plunged into the Sacramento River near Woodland.

He was employed by the Southern Pacific Company as a construction worker near Soda Springs, Nevada County.

He leaves his wife, Bonnie, and children, Johnny, Jimmy, Della Ann, Don, Steve and Chris, all of Lodi.

Sees Ballet—

Mrs. Tony Polyanich returned from Oakland where she and her daughter, Mrs. Keith Weeden and granddaughter, Geraldine attended the Russian ballet. Houseguests at the Polyanich home were Mr. and Mrs. Jack Wolert of Stockton and Mr. and Mrs. H. Bretthauer of Sacramento, California.

Charles Heller observed his natal date, Tuesday, August 11, with friends offering congratulations on the occasion.

Dr. and Mrs. Albert DeMers of Sparks, Nevada became the parents of their third daughter, July 30, born at Reno, Nevada.

Mrs. Robert Chaney and son Roy of Carson City stopped here to see local friends en route to the valley.

HURSEYS PLAN VISIT WITH AREA FRIENDS

TAHOE CITY—Mr. and Mrs. J. Otis Hursey are contemplating a trip soon to Nevada and probably Tahoe and Truckee to see friends in the region and to enjoy the cool of the mountains. Hursey wrote that they look forward to the Sierra Sun each week and told of their son Roger who is now located in Jacksonville, Florida They are very proud of their two grandsons.

Robert, their second son graduated in three semesters, with honors from Phoenix Junior College, majoring in journalism. He is at present on the staff of an Arizona paper, to pursue advanced education this fall either in the home state or Oregon.

BARBECUE PLANNED BY ROTARY CLUBBERS

The annual barbecue sponsored by the Truckee Rotary Club will be held at Sierra Lakes on Monday, August 24 and this will be a ladies' night occasion.

Plans for the affair were made at the meeting Monday when representatives of clubs at Oakland, LaPuente, Lodi, Dinuba, San Luis Obispo, Fair Oaks, Altadena, Turlock were present.

Clarence Osburn, president of the Truckee Recreation Committee, gave an interesting report on the progress at the new recreation center south of town.

WOLERTS ARE HOSTS AT TAHOE DINNER

Mr. and Mrs. Jack Wolert of Stockton and Truckee were hosts at a dinner party at Lake Tahoe in honor of Rear Admiral and Mrs. David (Red) Welch. Other guests of the Wolerts included Rear Admiral and Mrs. F. Duborg, Mrs. Molly Woodward of Berkeley.

Admiral Welch and his wife will sail for the Orient next month to remain for some time.

FUNERAL SERVICES HELD FOR S. J. PUGH

Mass was read Monday morning at 10 o'clock for Stanley James Pugh of Squaw Valley who expired here early Friday morning. Rosary was held Sunday evening at 8 o'clock at Tahoe City. Father P. J. O'Neill officiated at the services. Burial was in the Tahoe City cemetery.

The deceased leaves his wife, Mrs. Hilda Pugh of Squaw Valley and a daughter, Mrs. Pete Johnson also of Squaw Valley. A son, James, Jr., lives at Auburn.

The pallbearers were Joe Marillac, Ben Jones, John Buckman, William Leutweiler, Lee Van Wetter and Fred Evrond. The Truckee Colonial Mortuary was in charge of the arrangements.

EQUIPMENT DAMAGED IN FIRE ON SUMMIT

An $80,000 Northwest 80 shovel owned by Woods & Hirst, contractors on the highway on Donner Summit, was badly damaged by fire at 8:15 Monday night.

The fire was believed started by a faulty light plant and destroyed much of the cab and other burnable parts of the huge machine. The company's own water trucks were called to combat the flames which did not spread. The fire occurred near Kingvale.

Shop For Christmas—

Mr. and Mrs. Charles Heller and their staff of the Heller's Variety Store were shopping in San Francisco for Christmas merchandise.

CARD OF THANKS

We wish to take this means of thanking all those who assisted in preparations for our trip to the Girl Scouts Roundup, especially the Truckee Donner Chamber of Commerce and Donner Trading Post.

Linda Giovannoni
Judy Giovannoni
Dorette Rose

LAST RITES HELD AT COLFAX FOR HAGER

Funeral services were held at Colfax last Thursday under the auspices of the Clay Masonic Lodge of Dutch Flat for George W. Hager, 67, who expired the previous Sunday in the Veterans Hospital at Livermore following a long illness.

Hager and his wife, Ingrid were well known here whey they often visited the Eastern Star Lodge. He retired two years ago as a powerhouse operator for the Pacific Gas & Electric Company, having been employed for years at Alta and Dutch Flat.

He was past master of Clay Lodge and past patron of Placer Chapter of the Order of the Eastern Star and was a member of the Knights of Pythias and the Red Men at Colfax.

SIERRA SUN ADS PAY!

"Butch" The Sierra Beaver Sez:

Quotes and excerpts from California Division of Forestry report on Forest Pest Conditions in California

DWARFMISTLETOE

"Several sizable areas are under observation where mature trees are heavily infected. Many trees of all ages have either directly been killed by Dwarfmistletoe or so weakened that they were easy prey to the Mountain Pine Beetle".

Now unfortunately we have here at Lake Tahoe and Truckee more than our share of Dwarfmistletoe and Mountain Pine Beetles. So in order to protect your trees from both, all care should be taken to prune out Mistletoe and other parasites that weaken your trees and leave them vulnerable to the Beetles.

See your nearest U. S. Forest Service Ranger for advice and permits. And please drive carefully in the forests and protect our wildlife. These little creatures do not understand an automobile as the carcasses along our highways attest.

It takes a long time to grow a tree, and only a little time to protect it.

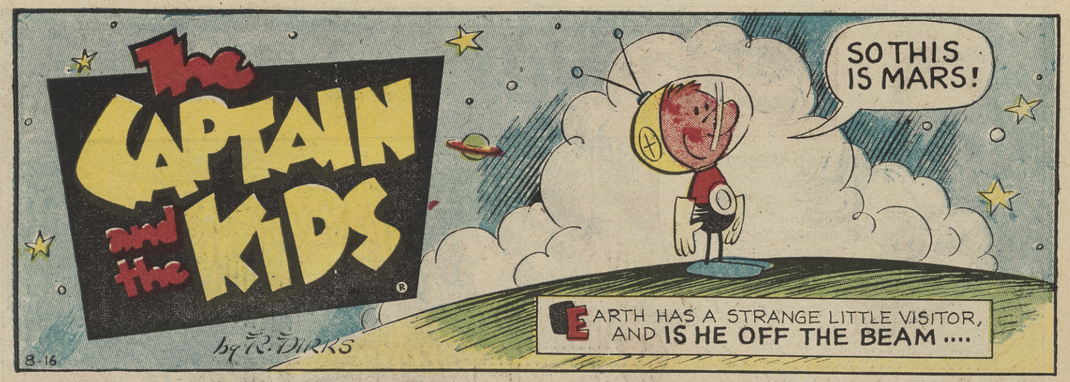
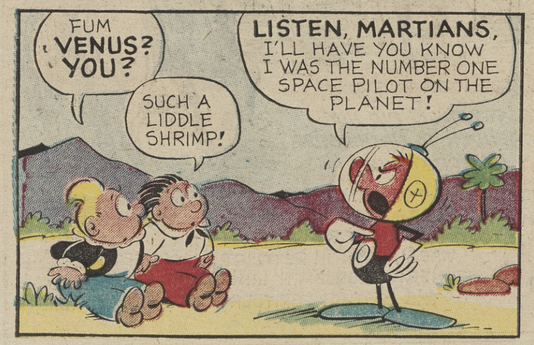
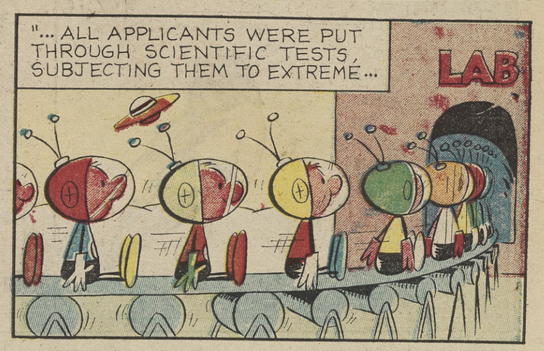
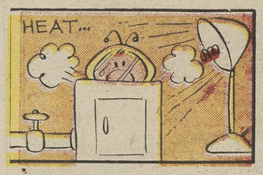
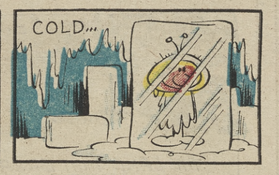
The Captain and the Kids

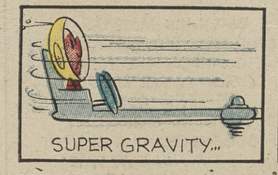


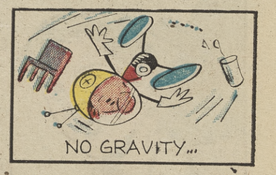


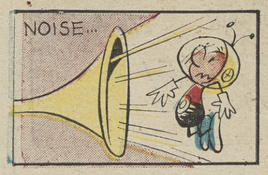


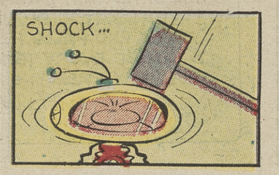


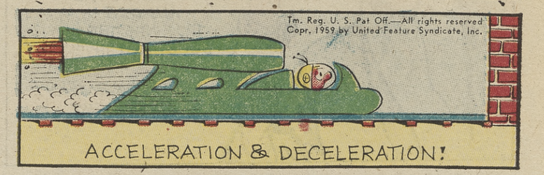


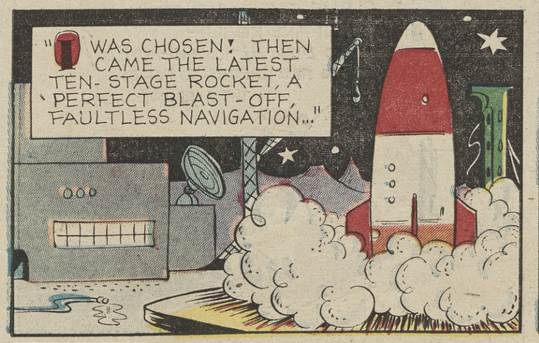


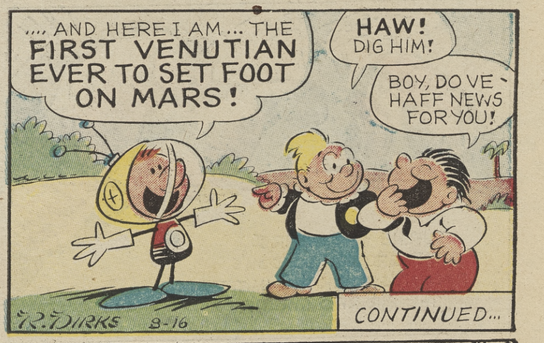












STRANGE as it seems

ELSIE HIX

EDWARD MACDOWELL--
famous American pianist & composer
AS A CHILD HIRED HIS BROTHER TO DO HIS PRACTICING FOR HIM AT 2 CENTS AN HR.
--WHILE HE READ A STORY BOOK!

RUGGED INDIVIDUALIST!
NO TWO BALTIMORE ORIOLES SING THE SAME TUNE--
EACH HAS ITS OWN INDIVIDUAL SONG!

SURRENDER BY PROXY!
CORNWALLIS DID NOT SURRENDER TO WASHINGTON AT YORKTOWN!
CORNWALLIS FEIGNED ILLNESS TO AVOID DISGRACE, SUBSTITUTING GENERAL O'HARA ...
WASHINGTON, IN RETALIATION, ORDERED GENERAL BENJAMIN LINCOLN TO ACCEPT THE BRITISH CAPITULATION ... Oct. 19, 1781

WHEN HIS MOTHER COMPLAINED THAT THE FRIEDCAKES SHE WAS MAKING WERE NOT COOKED IN THE MIDDLE, 15-YEAR-OLD CHARLES GREGORY SUGGESTED THAT SHE CUT A HOLE IN THE MIDDLE--- THUS, WAS THE DOUGHNUT INVENTED!.
Glen Cove, Rockport, Maine, 1847

THE LAKE THAT BREATHES!
LAKE WAKATIPU REGULARLY RISES AND FALLS ABOUT 3 INCHES EVERY 15 MINUTES--- JUST WHY--- REMAINS A MYSTERY!
Queenstown, New Zealand

E-E-E-E-E-E-E-E O-W-E-E-E-E AIR RAID!
DURING WORLD WAR II THE PARROTS IN LONDON'S REGENT'S PARK ZOO IMITATED THE AIR RAID SIRENS!

GIANT CLAMS, FOUND IN AUSTRALIAN AND PHILIPPINE REEFS--
CAN TRAP AND DROWN HUMAN VICTIMS! CROWBARS ARE NEEDED TO FORCE THEM APART...

The Toodles

ALL THE KIDS TOLD US ABOUT THE JUNGLE BOAT RIDE---CAN WE TAKE IT DADDY?
SURE!
I'D RATHER TAKE A RIDE IN THE SUBMARINE-!!

WE'LL DO THAT, TOO--JUST BE PATIENT!
JUNGLE LAND

OOO--- I LIKE THIS--- IT'S JUST LIKE BEING IN THE ZOO--- EXCEPT BETTER!
PUTT PUTT PUTT

EXCEPT NONE OF THE ANIMALS ARE REAL--- I LIKE REAL STUFF--- LIKE GOING UNDER WATER IN A SUBMARINE!

NOW LET'S GO IN THE SUBMARINE!
HE'S GOT A ONE-TRACK MIND.

THIS IS WHERE THE MEN SLEEP---
WHO COULD SLEEP? WITH ALL THOSE UGLY THINGS WATCHIN'?

I COULD! SOME DAY I'M GOING IN THE NAVY JUST SO I CAN LIVE ON A SUBMARINE.
NOT ME--- I'D HATE IT-
U.S.
U.S.N.
U.S.N.

WHY?
'CAUSE--- I LIKE TO SLEEP WITH THE WINDOWS OPEN
